CONGRESS OF YOUNG SCIENTISTS OF
INTERNATIONAL ACADEMY OF
PERINATAL MEDICINE

INVITATION

Dear Colleagues,

It is an honour and great pleasure for us to welcome you to the **1st Congress of young scientists of International Academy of Perinatal Medicine and 37th Congress of The Fetus as a Patient Society**, which will be held on **25 & 26 April 2020 in Athens, Greece**.

The International Academy of Perinatal Medicine is a scientific, international and independent nonprofit academic institution for the study, evaluation, dialogue and promotion of Perinatal Medicine across the world. Its main aim is to protect and promote the health of pregnant women, fetal patients, and newborns globally. The International Society of The Fetus as a Patient is an interdisciplinary gathering of doctors who are devoted to enhancing all parts of fetal determination and treatment.

We invite you all to participate in this event, as the scientific program promises outstanding international speakers, who will present the most recent advances in the field of Perinatal and Fetal Medicine. All the participants will be able to learn and participate in several topics of the whole spectrum of perinatal and fetal medicine.

Moreover, this year, for the first time, young scientists will have the opportunity to demonstrate their work and be candidates for the Assim Kurjak award which will be presented to the winning writing team by Prof. Kurjak in person.

On behalf of the Organizing Committee we are looking forward to meeting you in Athens.

With kind regards

George Daskalakis
President of the Congress

Asim Kurjak
*President of the International
Academy of Perinatal Medicine*

Frank Chervenak
*President of The Fetus
as a Patient Society*

37th
**CONGRESS OF THE FETUS
AS A PATIENT SOCIETY**

TOPICS

- How to perform the diagnosis of midline malformations of the fetal brain
- First trimester fetal brain
- Diagnostic work-up of borderline ventriculomegaly
- A novel method for predicting preterm birth: Fetal Nasal Doppler
- Pharmacological approach in the management of preterm delivery
- The optimal rate of Cesarean delivery: should this be a criterion for evaluation of obstetric service?
- Medical management of rhesus disease
- Neurophysiological assessment in NICU. Who and when to assess and which method to choose
- Limits of viability: is it universal?
- Induction of labor
- Discordant anomaly in twins
- Developmental and fetal origins of differences in monozygotic twins: from genetics to environmental factors
- Late preterm vs early term neonates. Perinatal outcome
- Planned Home Birth: A Challenge to Perinatal Medicine
- How long should the second stage of labor last?
- How can we improve tragic situation with maternal mortality in developing countries
- Physicians as Targets: Professional Response to Malpractice and Violence
- Mother friendly hospital initiative in Croatia: human rights issue?
- First trimester fetal heart
- Growth discrepancy in monozygotic twins: an update
- Humility: A Neglected Virtue in Perinatal Medicine
- Congenital infections: new guidance
- How ultrasound helps in reclarification of the philosophical, ethical, legal and scientific controversies on the beginning of human life
- Practical challenges in the sonographic evaluation of the umbilical cord

1st

CONGRESS OF YOUNG SCIENTISTS OF
INTERNATIONAL ACADEMY OF
PERINATAL MEDICINE

ABSTRACT SUBMISSION
