Email Outreach

Hello-

I am reaching out to make sure the Washington, DC Health Innovation QuickFire Challenge is on your radar. Innovators from across the globe are invited to submit potential science and technology solutions aiming to address racial and socioeconomic disparities that impact health in communities like the District of Columbia. Solutions must include innovations that transform patient outcomes in maternal mortality, cardiovascular diseases and systemic autoimmunity, and kidney diseases.

Up to four awardees will receive grant funding from a total of up to \$250,000 and be invited to reside at the JLABS @ Washington, DC. Included for awardees will be access to mentorship, resources, and programming.

The deadline to apply is June 11, 2021. Please pass this along to anyone within your network that you think may be interested in the opportunity. You can email Tina McGrath at cmcgrat7@its.jnj.com should you have any questions.

Best,
XX
